The Cameron Herald

ESTABLISHED 1860

VOLUME NUMBER 90 — CAMERON, MILAM COUNTY, TEXAS, THURSDAY, MARCH 23, 1950 — NUMBER 49

CENSUS MAKE CERTAIN ALL BABIES COUNTED

All babies born during the first three months of 1950 will be enumerated on two different forms when the Census of Population is conducted in April. They will be counted only once in the population however.

The special listing of all infants under three months of age as of the April 1 Census date is explained by Supervisor William H. Skelton in charge of the 11th District Office of the Bureau of the Census, Department of Commerce. In the first instance, information about the infant will be concluded in the regular Population Census questionnaire for the conventional population count. Secondly, information about the infant and its parents will be recorded on a special "Infant Card" for use in checking birth registration records with the object of determining the accuracy of birth registration totals. As a by-product, the double listing will assure the inclusion of a greater degree of accuracy of new-born babies in the Census.

"It is astonishing how often the new-born member of the family is overlooked in both Census and birth registration records," the Census supervisor observed. "Lapses of this kind by parents affect the accuracy of population counts and failure to register the infant's birth deprives it of an important record that may be needed in later life to establish age and citizenship. While birth registration records are maintained by the States, the record kept by the Census Bureau can be used by individauls as evidence in lieu of birth certificates when the latter are unavailable.

"Prior to the development of comprehensive birth registration systems by all states in the last three decades, many millions of Americans began life without being officially registered. Consequently, it was estimated in recent years, about 50 million Americans do not have birth certificates.

Cameron Woman's Nephew Killed In Plane Crash

Harold Shumate, former Wacoan and news announcer for Radio Station WACO, was one of two men killed in an air crash near Harlingen Sunday.

The bodies of Shumate and Earl Elwell, owner of a Harlingen electrical company, were found Monday in their wrecked plane at the mouth of Arroyo Colorado, 10 miles south of Red Fish Bay on the Gulf of Mexico.

The two had not been heard from since 10 a. m. Sunday.

Finding of their bodies ended a day and a half of searching by private and Naval planes. The wreckage was at the mouth of the Arroyo at La Guna Madre ,opposite Bird Island.

Shumate and Ewell took off in their open cockpit Waco biplane on a short fishing trip to an unnamed island north of Red Fish Bay. They were scheduled to return from the 120-mile round trip at noon.

Shumate was raised in Waco and was a graduate of Waco High School. He was with the highway patrol, stationed at Big Spring, and then became a news announcer for WACO. After serving in the Navy during the war he was once again associated with WACO. He moved to Harlingen several years ago to become an announcer with KGBS.

Among his survivors are his widow and four children of Harlingen and his parents, Mr. and Mrs. I. E. Shumate of LaFare, Texas. He is also survived by an aunt, Mrs. Earnest E. Williams of Cameron and was the cousin of Post Master, McKee of Fort Worth.

Pee Wee Football Gridiron Rebuilt

Pee Wee football players, with the help of the Milam County Road Department, has rebuilt the Gause football field, which may turn out to be one of the most attractive gridirons in the county.

Relays of boys, over the past two months, dug drainage ditches, and provided dirt fill. Mr. J. B. Richards, motor grader operator, under the supervision of Mr. Byron Neal, County Commissioner, carried out leveling work. This is to be followed by harrowing by Mr. Herbert Walker of Gause, then a complete reseeding was made.

Lack of Rain In This Area Gives Corn Men Doubts

With corn planting in full swing, farmers in Central Texas are wondering just when those March rains will come.

A few fields are coming up, but the majority have not as yet pushed through the soil. A rain, farmers point out ,should hasten the growing process.

A sizeable increase in corn acreages has been noted this year due to the cotton allotment program.

Farmers are also wondering just when, if ever, they will get additional cotton acres.

Some have planted most of the fields to corn with enough left for their present allotment. And they are debating on whether or not to plow up and replant corn to cotton should they get an increase.

Others are holding out a few extra acres in the hopes they will get an additional allotment.

As the situation stands now, farmers are at the mercy of Nature and Congress for the future of their 1950 farm plans.

50 PRISON EMPLOYEES FIRED IN SHAKE-UP

HOUSTON, March 20 — Prison General Manager O. B. Ellis said over 50 prison employes have been fired in 18 months for carelessness and aiding convicts in receiving dope and whisky.

Ellis made his comment after receiving a report by two State Department of Public Safety investigators who spent eight days in secret investigation of charges made by a discharged guard.

Ellis had asked the investigation after R. L. Rucker of Huntsville, the discharged guard, sent to Governor Allan Shivers a 28-page complaint listing numerous incidents.

The report went to the Governor's office Feb. 22 and the investigation began at Huntsville March 3.

The investigators, in their report, said most charges were false. They said prison officials the past two years have been taken steps to rid the system of incompetent employes.

The number of employes discharged was referred to in the report only as "quite a number." Ellis said the number runs "more than 50."

Rucker's complaint charged prison officials with "ruining the morale of the inmates" by coddling, that dope and whisky has been received by convicts with the knowledge of some prison employes ,that prison officials were warned of red clay in a sewer several days before seven men escaped at Huntsville Dec. 26 by tunneling under the walls near a sewer.

Gene (Dixie) Walker Blasts Expensive Rural Road System

When I announced that I would be a candidate for road commissioner in precinct 3 I also stated that I would offer plans to help to improve our road system in this precinct.

I have traveled many miles in other counties and several in Milam I have talked with school officials business men and women, farmers, just about every one that would talk roads. In the Milano School District I was told that if three miles of roads in their district could be made into an all weather road, their transportation cost could be cut 50%. One clay hill three hundred yards long has cost this school five hundred dollars for repairs in this past three years.

In the Gause District there is three and one half miles of road that is impassable in bad weather, ten bridges unsafe for heavy trucks. This condition prevails in all of precinct three.

School officials have stated that if we had a decent road system in Milam County transportation cost could be reduced 50%.

Before I state what can be done about this condition, let us take a look at the records and see what has happened in the past three years. Very often we take what has happened in the past to guide our future.

Jan. 1, 1947 precinct 3. Road and Bridge fund overdrawn $6065.92.

Total Receipts 1947—$29297.22 Out of this total receipts we spent $10,-632.64 for parts and repairs.

Jan. 1, 1949—overdrawn $9006.31.

$300 ALLOWED FOR THE HD AGENT BY COUNTY

At a regular meeting of the Commissioners Court here Monday evening it was voted to raise the county's share of the Home Demonstration Agent's salary from $1200 to $1500.

Approximately 50 women representing various HD and 4-H Clubs of the county presented themselves before the court in a group to ask that the $300 additional money be allotted in order that the position in Milam County might be filled by an eligible person.

Extension service provides a portion of the agent's salary based upon the amount paid by the county served. Since the Gilmer-Aiken law has gone into effect, teacher salaries were hiked to such an extent that the home demonstration agent field suffered.

Judge Dan Tyson received a communication from the district agent this week recognizing the additional funds and giving encouragement as to the early appointment of an agent here. Women over the county are anxiously awaiting the time that the place vacated by Mrs. Isabelle Moody several weeks ago may be filled.

Following the court discussion the county council of HD clubs met and transacted business. Three delegates were named to attend the district meeting in Austin on April 19 and 20. Elected were Mrs. Hugh Wimberly of Hoyte, Mrs. V. L. Angell of Splawn and Mrs. John Matyastik of Clarkson.

YOUR BEST INVESTMENT; HELP A CRIPPLED CHILD

Daily we are impoptuned indirectly and directly by various enterprises to make an investment of one kind or another, in stocks, bonds, small businesses, insurance, a refrigerator, a home or any one of a number of things.

But this month an appeal is being made to use in this community to invest in something of inestimable value, which is bound to return to us dividends not measurable in dollars and cents.

It is an investment in the health, happiness and future independence of the crippled children and adults of our community.

It is an investment to be made in the form of a contribution to the annual Easter Seal Drive for funds for the Milam County Child Welfare Board. These funds are used to provide direct services in the form of medical, therapeutic, employment and recreational aid for those who are unable to afford them for themselves.

We have here 137 crippled, many of whom can be ultimately either wholely or partially self-sustaining if they are given proper treatment and guidance. As they become self-sustaining, they are, of course automatically removed from the rolls of those dependent upon public or private philanthropy. They become contributors to the life and the economic stability of our city.

That is why a contribution to the Easter Seal Drive—and your personal use of Easter Seals—is the best possible investment you can make.

It is an investment in a human being.

Milk Route On Increase Here

The milk route which began in this county recently has had an increase in customers from three to 30, according to Sam White, Chamber of Commerce dairy committeeman.

The milk station is located at the Cameron Seed & Insecticide Company in Santa Fe Town, and approximately 3,000 pounds of grade B milk are now hauled from Cameron to a Waco plant daily.

Rotarians Hear Talk By H. S. Williams

Harvey S. Williams, superintendent of the Masonic Home at Fort Worth spoke at the noon meeting of the Cameron Rotary Club on Wednesday.

Mr. Williams used as his topic "Youth Today, and Tomorrow". Coach Paul Smith was program chairman.

Terry Hardwick, Ora Lee Matthews Manuel Matthews, Wynell Hardwick and Calissa Braden spent Saturday evening in Temple.

Salvation Army Representative Here

MAJOR BERNICE LYONS

Major Bernice Lyons, newly appointed field representative for The Salvation Army in Texas, will make her first visit to Milam County next week to continue the work of W. D. Pedigo who recently retired.

Major Lyons will visit with local leaders to confer with them on the state-wide program which The Salvation Army in carrying out in Texas.

Among these projects of interest to citizens all over the state are the Salvation Army's home and hospital in San Antonio for unwed mothers, the work of the Army in prison and jails, its missing persons service, its relief work in time of disaster and its welfare work in the more than 10 Texas communities which have Community Service Units of their own under local leadership.

The work of the Army in Texas is rapidly expanding, and Major Lyons will report on this growing program to local leaders.

Major Lyons was assigned to Texas shortly after her graduation from Salvation Army Officers Training School and for the past 19 years has worked in almost every section of the state.

25 TEAMS ARE ENTERED IN CAMERON RELAYS

Track teams from 25 Central Texas schools have entered the 15th annual Cameron Relays to be held at Yoe High athletic field Saturday.

Schools which have entered the meet are Luling, Gatesville, Waco, Bastrop, Hearne, Huntsville, Bryan, Taylor, Calvert, La Vega, Rosebud, Temple, Killeen, Gonzales, Valley Mills, Georgetown, Mexia, McGregor, Lampasas, Belton, Seguin, La Grange, Granger, Rockdale, Austin, and Cameron .

Preliminaries will be held Saturday morning, beginning at 10:30 a. m. Finals will begin at 7:30 p. m. that night on the lighted field.

Events to be held at the meet are: pole vault, high jump, broad jump, discus, shot put, 120-yard dash, 880-yard run, 440-yard dash, one mile run, 200-yard low hurdles, 440-relay, and one mile relay.

Trophies will be awarded the high point team and the high point student. Medals for first, second and third place will be given in each event.

The coaches of the schools entered in the meet will be entertained with a barbecue and golf tournament at the Cameron Country Club Saturday afternoon.

Cameron's Joe Hawkins Clearing The Hurdles At San Marcos College

"A jack rabbit could take lessons in hopping from that hurdle-hopper Joe Hawkins" was a comment made by one track fan about the three year letterman who seems literally to fly over the hurdles.

The 20 year old Southwest Texas State Teachers College junior from Cameron was an outstanding athlete while at Yoe High School in Cameron. He lettered three years in football, basketball, and track. San Marcos track fans have seen him participate in regional meets at Evans Field while he was in high school.

After coming to San Marcos, Joe became a member of the football squad, but his real talent lies in his ability to clear the hurdles in an extremely short period of time. Possessing a fine running and hurdling form, Joe took advantage of studying under Tom Tope, 1948 team captain

JAYCEES HELD MEETING HERE THURSDAY NIGHT

The Junior Chamber of Commerce held their second meeting Thursday night, March 16, at the Cameron Country Club for the purpose of electing directors for the first year.

Milton Schiller is president, Dr. Gus Evans, Jr., vice-president and Thomas Brashear is Secretary-Treasurer, and the following directors were elected: Dr. Marvin Bartlett, Dr. J. L. Walker, Dr. George Bowman, Warren Brashear, Frank Richter, Jr. and Elmer J. George.

The Jaycees voted unanimously to endorse the proposed purchase of the water system by the City of Cameron, and they plan much activity before and during the coming election to be held next month.

During the business session plans were made for the presentation of the Chamber's charter, with the date, time and place to be announced later. It is hoped that Governor Allan Shivers will be present for the occasion.

Meetings will be held every first and third Thursday in the month. The Jaycees have no definite place to hold their meeting but temporarily they will meet in the dining room at the Corner Cafe.

Elective persons between the ages of 21 and 35 are eligible to join the Junior Chamber of Commerce and members of the Senior Chamber of Commerce wishing to secure membership with the Jaycees may do so by retaining their membership with the Senior Chamber of Commerce.

The organization is grateful for any co-operation they may receive from business men, newspapers or the people at large and ask their assistance in the various projects which are in the making.

MILAM CO. FARM BUREAU CELEBRATION A SUCCESS

The Milam County Farm Bureau celebrated it's third birthday, March 17 with a big celebration at Simon-George Memorial Hall here.

The Bureau was organized in Cameron three years ago with only 25 members and now the organization is proud to report that approximately 1,000 members and 503 Blue Cross families are enrolled.

Approximately 2,000 farmers and their families were in attendance for the event and enjoyed several outstanding speakers during the day, among whom were Charlie McLellan, arthur of the Rural Road Bill of Austin, Marvin Carter, State Farm Bureau organizer from Waco and Edward Hay of Waco who discussed the preparation of the 1950 census.

Sherwood McLerran, president of the Bureau introduced the speakers, officers, directors and recreation leaders of the Farm Bureau.

Three important popular bands furnished the fun and entertainment. Ted Gouldy and the "Hired Hands" featuring Shirley Davis who are heard daily over the Radio on the Texaco Buris Mills Show were there to broadcast their regular program. Also an all woman orchestra from

Cpt. J. V. DeArmond Stationed In Japan

Captain Joshua V De Armond, husband of Mrs. Barbara De Armond, formerly of Cameron, and son of Mr. and Mrs. Velfort De Armond, Greenwell Springs, Louisiana ,has recently been transferred from the 314th Air Division to the 35th Fighter-Interceptor Wing at Johnson Air Base. His wife, Barbara, and their two children are also residing with him at Johnson Air Base.

A former student of Louisiana State University, Captain De Armond entered the Coast Artillery on March 13, 1941. On September 6, 1942, he was commissioned and rated a Pilot in the United States Air Force. During World War II, he served in North Africa and Italy where he was awarded the Air Medal with One Oak Leaf cluster, Bronze Star, North African Campaign Ribbon and the European Theatre Ribbon. He later returned to the United States and remained on duty until alerted for movement to the Pacific Theater of Operations in July 1948.

Larry Pate, little son of Mr. and Mrs. Leo Pate underwent an operation at St. Edward Hospital one day this week.

W. E. Gaither Elected To Ford Dealers Advertising Council

W. E. Gaither, of Cameron, Rockdale Ford dealer, has been elected to membership on the Ford dealers Advertising Council of the Houston district.

Mr. Gaither is well known in Ford circles throughout the state and is one of the oldest Ford dealers in Texas.

His election to the Advertising Council was by popular vote of the dealers in the district, and a tribute to his popularity and ability, the organization reported .

Miss Vera Fisher Seek Re-Election As County Treasurer

Miss Vera Fisher, County Treasurer of Milam County, will be a candidate for a second term in the office subject to the Democratic Primary to be held on Saturday, July 22, 1950.

Miss Fisher said her formal announcement will be made within a few weeks and she plans an active campaign among her friends and supporters.

Friends over the county will be glad to know that she will seek re-election during the coming primary. Miss Fisher said her announcement would appear in this newspaper and other newspapers throughout the county soon.

MORE COTTON PER ACRE IS AIM OF COMMITTEE

The Milam County FHA cotton production committee recently met in the FHA Office in Cameron and made plans and recommendations for producing more cotton per acre. The Committee is composed of Walter Senkel, Route 2, Cameron, Will Stoebner, Route 1 Burlington, Willie Moraw, Route 4, Cameron, Ralph Caffey, Route 1, Buckholts, Walter Hagemeister, Route 2, Rogers, and Henry Tomasek, Route 1, Cameron.

Roy Wright, County Supervisor, explained that this committee is attempting to see that all FHA families who produce cotton will have the information needed to produce more cotton per acre, and that the farmer-committee approach is the best way to do the job.

Will Stoebner of Route 1, Burlington was elected Chairman and after discussion the committee made these recommendations:

1. Turn under winter peas or other cover crop at least 3 weeks before planting cotton.
2. Plant only first or second year seed.
3. Plant cotton April 15 to May 1 planting as early as local conditions will allow .
4. Recommend using Empire WR, Roldo Rowden, Mebane-Watson, and Texas Special (Blue Tag) varieties.
5. Dust or spray cotton for early insect control using materials and dosages as recommended by "1950 Guide For Cotton Insect Control".
6. Dust or spray at 7 day intervals for three applications, making certain that the first application is applied when cotton has 3 to 5 leaves.
7. Stop dusting or spraying by June 10th, regardless of number of applications that have been applied at that time. This is to allow a 30 day "build up" period for beneficial insects before boll worms begin to appear.

Cameron Seeks Change In Proposed 100-foot Right-of-Way For City

L. G. Smith of the Cameron Chamber of Commerce protested a 100-foot right-of-way for State Highway 36 through Cameron, ordered by the State Highway Commission, at a public hearing in Austin Monday.

Smith said the wide area called for through a Negro settlement would bottleneck into a 60-foot highway through the city's business section.

The commission told Smith an 80-foot right-of-way was the minimum essential and anything smaller would not likely be approved. Smith was told to confer with the district and resident engineer toward working out an agreement.

Sandra Thompson, little daughter of Mr. and Mrs. Jack Thompson of Marlow has reutrned to her home much improved after being ill and in Newton Memorial Hospital.

The Cameron Herald
March 23, 1950

WON'T BE INTERNATIONAL SUCKER, ACHESON SAYS

BERKELEY, Calif., March 16—Secretary of State Dean Acheson said today the United States won't be an "international sucker" and challenged Soviet Russia to prove her desire for peace by accepting a seven-point program.

Completing a two-day round of foreign policy speeches in this area, Acheson declared:

"We must not, in our yearning for peace, allow ourselves to be betrayed by vague generalities or beguiling proffers of peace which are unsubstantiated by good faith solidly demonstrated in daily behavior. We are always ready to discuss, to negotiate, to agree, but we are understandably loath to play the role of international sucker."

He spelled out the points of the greatest difference which he said must be reconciled between Soviet Russia and the non-Communist world "if the two systems are to live together, if not in mutual respect, at least in reasonable security."

He held out little hope the Russians would comply, but listed these things Russia could do:

1. Work with the West on peace treaties for Germany, Japan, and Austria which won't turn them into Soviet satellites.
2. Stop using force or its threat on existing satellites. Let them be countries in their own right.
3. Stop obstructing the United Nations and let it become, in Prime Minister Stalin's words, a serious instrument for building international peace and security.
4. Join in seeking "realistic and effective" controls for atomic weapons and general arms limitations. "We believe," Acheson said, "that an authority could not be controlled or subject to control by either ourselves or the Soviet Union."
5. Stop trying to undermine other countries through Communism.
6. Quit treating diplomats as "sinister," and "criminals."
7. Let the Russia people know what goes on outside Russia .

Local Draft Boards Registrations Fall Below Previous Month

State draft boards added 2,454 men in February to the state's pool of manpower available for military service in case of war or emergency.

This brings the acceptable group of manpower in Texas to 33,888, Colonel Paul L. Wakefield, state director of Selective Service reported today.

"These are the men our local boards have placed in I-A and who have been retained in I-A up to the end of February," Colonel Wakefield said.

The draft boards made 8,851 original classifications during February. Of these new classifications, 6,500 were in a deferred status.

Local boards registered 4,256 youths who reached their 18th birthdays during February as compared to 6,038 in January.

February registrations brought totals on draft board registrations lists to 334,794. Of this number, local board members had classified 330,019 by the end of February.

Mr. and Mrs. John P. White of Rogers announce the arrival of a son, James Coy born Saturday, March 11 at St. Edward Hospital. The mother is the former, Wanda Ingram.

W. T. Hanes Speaks At Teachers Meeting

The Cameron Classroom Teachers Association met at 7 p. m. Monday in the Homemaking Department of Yoe High School. After a covered dish supper Mrs. C. L. Canady, the president called the organization to order for a short business session.

Superintendent Hanes, speaker for the evening, reported on the convention of the American Association of School Administrators which he and Mrs. Hanes recently attended in Atlantic City, New Jersey.

The theme of the conference was "Education, Dynamic of Democracy" and Mr. Hanes chose to read excerpts from the addresses made by the following laymen appearing on the program and especially significant because of the varied fields of endeavor represented: David E. Liliethal, retired chairman of the Atomic Energy Commission; Walter P. Reuther, president of the Automobile Workers, C. I. O. Branch Rickey, sports; Mrs. Franklin Roosevelt, United Nations; and Senators Margaret Chase and Wayne L. Morse.

The central thought in each address was "Schools must take a more vital role in the preservation of peace, safeguard democracy and develop world understanding.

The report was interesting, constructive and inspiring as was evidenced by the responsive attention of the group.

Roger Thomas, little son of Mr. and Mrs. Bever Thomas is among the patients in St. Edward Hospital for treatment.

Mrs. Leona Rummel of Burlington is a surgery patient in St. Edward Hospital.

TEXAS DUE TO GET HALF EXTRA COTTON ACREAGE

WASHINGTON, March 15— Rep. W. R. Poage (Dem.) of Texas estimated Wednesday that Texas would get about half the additional cotton acreage allotments to be distributed under leglislation approved by Senate and House agriculture committee conferees.

The compromise bill, which yet has to be approved by both branches, may add about 1,200,000 acres to the 21,000,000-acre national allotment for cotton in 1950.

Poage said no figures had yet been prepared by the Agriculture Departments as to just how much of the allotment each state would get but that he believes the extra quota to his state might reach about 600,000 acres.

The Texan then predicted that actual plantings of cotton for this year still will not exceed 21,000,000,000 acres because many farmers with acreage allotments will not make use of them.

Under the Agriculture Department's interpretation of the cotton acreage law passed last year, which would be amended by the pending legislation, Texas farmers did not receive credit for land planted to so-called war crops, such as grain sorghums and flax.

The compromise bill provides that the allotment to an individual farmer shall not be less than 65 per cent of the average amount of land plonted to cotton in 1946, 1947 and 1948, nor less than 45 per cent of the amount planted in any one of the three base years.

The bill provides also that land planted in such war crops as grain sorghums and flax shall be regarded as planted to cotton in figuring out distribution of the additional allotments.

The counties in Texas which would profit most from the pending legislation, Poage added, are located in a strip which extends roughly from about Bee County in South Texas northward between the Blackland Belt and just east of the High Plains section of the state.

Lt. Roy L. Vaughan Attending Artillery School At El Paso

Lt. Roy L. Vaughan of Battery C, 649th AAA Battalion left early this week to attend the Anti-aircraft Artillery and Guided Missles Branch of the Artillery School at Fort Bliss, near El Paso, Texas.

He will take the Associate Basic Course there, scheduled to begin on March 15th and running for approximately 13 weeks.

While attending the Anti-aircraft Artillery School, Lt. Vaughan will receive full Army pay and allowances for quarters ,subsistence and for travelling to and from Fort Bliss.

Lt. Vaughan is a World War II veteran, having served in the Air Corps as a pilot in the Air Transport Command. Approximately five months ago he received an appointment in Battery C here in his wartime rank of First Lieutenant. He operates the Toddle Inn and Legion Sandwich Shop here in Cameron.

On completing the course about June 20th, he will return to duty with Battery C here.

W. O. Fisher, father of Miss Vera Fisher, County Treasurer is a medical patient in St. Edward Hospital.

POULTRY COMMITTEE SPONSOR OF MEETING

Approximately 250 turkey growers and guests in Milam County attended the turkey growers meeting at the Simon-George Memorial Hall at 8:00 Wednesday evening .

The meeting was sponsored by the Poultry Committee of the Chamber of Commerce. Leo Fuch is Chairman of the committee .

Dr. W. A. Boney of A&M College discussed the diseases of turkeys and George Draper also of A&M College gave a talk on the proper care of the turkeys while in the brooidng stage, stressing sanitation and proper management.

Ed Parnell of A&M College gave a discussion of the outlook and market during the coming year. He said there would be 1% more turkeys in the nation this year than last, and 13% less in Texas. Mr. Parnell stressed the point of finishing the turkeys so they may be graded as No. 1 and receive the best prices.

A movie on range control was shown by Wm. F. Arthur.

A panel discussion was given by Dr. Quisenburry, Mr. Sherwood, Prof. Reid all of A&M College and George McCarthy of Fort Worth.

Members of the Poultry Committee of the Chamber of Commerce are Leo Fuch, J. D. Moore, Ozell Angell, D. C. Drummond, F. W. Vogelsang, and Wm. F. Arthur.

Door prizes were given and coffee and doughnuts were served by Culpepper's.

Mrs. Maude Crittenden is a medical patient in St. Edward Hospital.

Cameron JCC To Elect Officers, Adopt Constitution

Directors will be elected and a constitution will be adopted at a supper meeting of the Cameron Junior Chamber of Commerce at the country club tonight, Milton Schiller, president, said today.

Barbecue will be served at the meeting which will begin at 7:30 p. m.

There is no age limit on members, but those eligible for elective or appointive offices must be between 21 and 35, Mr. Schiller said. Everyone is invited to attend the meeting, and all present who wish to do so many become charter members of the organization at the meeting.

Printing is a home industry.

FUNERAL SERVICES HELD FOR FRANK DUDA HERE

Funeral services for Frank Duda who died March 14, 1950 in St. Edwards Hospital were held from St. Monica's Catholic Church Thursday, March 16. Rev. George Duda officiated.

Burial was made in St. Monica's cemetery with Marek-Burns Funeral Home making the arrangements.

Pallbearers were Albert Matula, B. J. Matocha, Albert Mitcham, Jerry Mikula, Felix Matula, Sr. and John Michna .

Mr. Duda was born February 12, 1879 in Moravia and died at the age of 71. He came to Texas from the old country in 1913 and had no relatives here.

National Guard To Build State Blood Store

Another first was chalked up for Texas when Maj. Gen. K. L. Berry announced Thursday the National Guard will start a state-wide blood bank program .

Berry says the state's 17,000 guardsmen hope to build up a huge supply of vital blood to be available when disaster strikes.

The program will be voluntary. Guardsmen who sign the TNG blood bank pledge form will agree to answer any properly authorized call to donate blood. He will also agree not to accept pay for serving as a blood donor.

There are 266 National Guard units in 137 cities and towns throughout the state.

Berry, State Adjutant General, pointed out that the demand for life-giving blood is enormous and continuous just for normal accident and disease casualties.

"Each unit will report monthly on the number of men who have signed up," General Berry said. "We hope it will be 100 per cent soon."

Mr. and Mrs. John Cook and son, Johnnie Jr., of Houston were Sunday guests in the home of Mrs. Cook's parents, Judge and Mrs. Ed Gunn. Mrs. Cook and son remained for a weeks visit in the Gunn home.

OFFICIALS WILL ATTEND MEETING IN LAGRANGE

R. F. Sliva of Lott, Texas, President of the Highway 77 Organization, has announced that officers and directors of the organization will meet in LaGrange, March 23, 1950.

This organization is the result of concentrated efforts of V. M. Lancaster of Bishop, Texas and interested parties and cities along Highway 77 to promote, improve and extend U. S. Highway 77 throughout the twenty-one Texas Counties which it passes. The first meeting was held in Waco, Texas, February 17th and officers were elected at that time.

The meeting in LaGrange will be for the purpose of setting up a permanent organization. Each of the twenty-one Texas Counties will have a director at the meeting and registration will begin at 9:00 a. m.

A chicken barbecue dinner will be served during the noon hour and business sessions will be conducted in the morning and afternoon.

HUMAN RELATIONS

According to our estimates, 87% of the world's troubles with respect to human relationship are caused by people trying to run one another's lives.

Miss Lena Riddle is ill and in Newton Memorial Hospital for treatment.

Memorial Services For Hood Officers Held

Memorial Services for First Lieutenants Herman Baker and Robert M. Wilson, both of the 14th Armored Field Artillery Battalion, 2nd Armored Division, were held at Camp Hood in the Division Artillery Chapel. Chaplain (Capt.) Floyd E. Bresee officiated at the services.

The two officers died as the result of a heliocopter crash which occured a few hundred feet outside the northeast gate to Camp Hood.

Witnesses from both Killeen and Camp Hood stated that the heliocopter was flying at an altitude of approximately 500 feet when it started its fatal descent. Immediately upon striking the ground it burst into flame, which spread across several hundred square yards of grassland before it was brought under control by Camp Hood and Killeen firemen.

Cause of the crash has not been determined, however, a board of officers at present is investigating to determine the cause.

Lieutenant Baker, who has been residing in Killeen and whose permanent home address is in Cincinnati, Ohio, was 37 years of age. Lieutenant Wilson, 35, maintained his permanent home at Fredericksburg, Texas, and was living in Temple at the time of his death.

A veteran liaison airplane and heliocopter pilot, Lieutenant Baker is survived by his widow, Louise; a daughter, Carolyn; and one brother, Harry Baker of Cincinnati. Lieutenant Wilson is survived by his widow, Sophia; one son, Robert, 8; a daughter, Dorothy Lee, 7; and a brother, Carl Wilson of San Antonio.

Arrangements for funerals and interment are not yet complete.

Coke Reported Ready to Run For Texas Court Job

AUSTIN, March 17—The Austin American said in a copy-righted story that it had learned that former Governor Coke Stevenson is preparing to run for the Texas Supreme Court.

The story is by Raymond Brooks, State Capitol correspondent for the Austin newspapers.

Brooks' story said (copyright 1950 by the Austin American):

"Coke Stevenson is preparing to run for the Texas Supreme Court, the Austin American has learned on dependable authority.

"In that race, the former Governor would return to a thwarted ambition that began his break with W. Lee O'Daniel and changed Texas political history.

"The disclosure that former Governor Stevenson would make his comeback fight this Spring for a seat on Supreme Court came Friday. Stevenson's race is directed for place No. 3 on the court, for which recently appointed Justice Meade Griffin of Plainview has just announced for an elective term."

Mrs. George Buffington and daughter of Gause were visitors here Sunday.

Miss Clara Matula visited her sister, Mrs. Herman Boedeker in Caldwell Sunday.

New Carpet For Shivers

AUSTIN, March 17—Wine-red carpeting in the office of Governor Allan Shivers was trundled out the executive door today as workmen prepared to lay the first new floor covering since 1936.

The new carpeting "cost about $5,000," the State Board of Control said. A spokesman explained "that includes the mat and moth-proofing."

The color of the new carpeting was described as a "cinnamon" shade, blending in a decorative way with the natural wood paneling of the executive offices.

Mrs. Shivers, it was reported, had a hand in its selection.

The new carpeting will be laid in executive offices on the second floor as well as on the first floor.

Week end guests of Mr. and Mrs. Henry Lippmann were: Mr. and Mrs. W. A. Ward of Rogers and daughter, Mr. and Mrs. Durell Ward of Rogers, Staff Sgt and Mrs. Billy Joe Ward and baby Linda of Fort Worth and Mr. and Mrs. Morriss Cobb of Killeen.

NOTICE OF ELECTION

THE STATE OF TEXAS
COUNTY OF MILAM
CITY OF CAMERON

TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF CAMERON, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Cameron, Texas, on the 18th day of April, 1950, on the proposition and at the place more particularly set forth in the resolution adopted by the City Council on the 21 day of March, 1950, calling said election, which is as follows:

"RESOLUTION"

BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF $425,000.00 WATERWORKS REVENUE BONDS.

WHEREAS, the City Council of the City of Cameron, Texas, deems it advisable to issue the bonds of said City for the purpose herein after mentioned;

BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS:

1. That an election be held in the City of Cameron, Texas, on the 18th day of April, 1950, at which election the following propositions shall be submitted:

"Shall the City Council of the City of Cameron, Texas, be authorized to issue the bonds of said City in the amount of $425,000.00, maturing serially in such installments as may be fixed by the City Council, the maximum maturity being not more than Thirty (30) years from their date, bearing interest at a rate not to exceed Three (3%) per cent per annum, for the purpose of purchasing and improving the privately owned and operated water system now serving the City of Cameron, Texas, to be issued in accordance with and secured in the manner provided in Articles 1111-1118, both inclusive, of the Revised Civil Statutes of Texas, 1925, as amended, each bond to be conditioned that the holder thereof shall never have the right to demand payment of said obligations out of funds raised or to be raised by taxation, secured by a pledge of the net revenues from the operation of said Waterworks System".

2. That said election shall be held at the City Hall in said City, and the following named persons are hereby appointed officers of said election, to-wit:

Lee O'Neill, Presiding Judge.
B. J. Matocha, Judge.
J. L. Marak, Clerk.
Dan Gunn, Clerk.

3. That said election shall be held under the provisions of Chapter 1, Title 22 of the Revised Civil Statutes of Texas, 1925, as amended, and in accordance with the provisions of Chapter 163, Acts of the Regular Session of the Forty Second Legislature, as further modified by the provisions of Articles 1111-1118, both inclusive, Revised Civil Statutes of 1925, as amended. Only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote.

4. The ballots for said election shall have written or printed thereon the following:

'FOR THE ISSUANCE OF WATERWORKS REVENUE BONDS'.

'AGAINST THE ISSUANCE OF WATERWORKS REVENUE BONDS

Each voter shall mark out with black ink or black pencil one of the expressions on each proposition, thus leaving the other as indicating his vote on such proposition.

5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Secretary shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall in said City, and at two other public places within said City, not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspape rof general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED this the 21 day of March, 1950.

ROY GRIFFITH,
Mayor, City of Cameron, Texas.

ATTEST:
W. H. STAFFORD,
City Secretary, City of Cameron, Texas.

IDEAL POULTS AND CHICKS

Announcing the reduction in price on Broad Breasted Bronze Turkey poults Thru March. Get yours now and save. The chick output during January and February is down a lot from normal years. Many hatcheries are now stocked with surplus chicks. With this in view the number of layers on the farm this fall and winter will be off a good deal. This spells for higher egg prices and a mighty good time to raise a good flock of well breed pullets. We have a few more open dates in March and April. Get your chicks now and have them ready for high egg production this fall. Watch for a reduced price on Ideal Chicks during May, June and July, We hatch the year round and want to supply your poult and chick needs. Ideal Hatchery and Poultry Farm, Cameron, Texas. 50-1tc

GENE (DIXIE) WALKER—
(Continued from page one)

Total receipts 1948—$30778.12 Parts and repairs $6919.07.

Jan. 1, 1949—overdrawn $6049.76. Total receipts 1949—over $37,000. Parts and repairs—$11,215.75. ....

Parts and repairs total for three year period, $28,767.46. What a waste of public money.

As of March 1, 1950—overdrawn $5861.60.

I will assure you as your commissioner this waste of money will stop. Here is what can be done about bad spots in our road system that is costing you and me so much.

I can get all the good gravel we need to fix these bad spots free of cost to the county, also I can get cooperation from farmers and stock men in moving this gravel from pits to the needed spots with private owned trucks, trailers at very little cost to the county. Why? People that live on muddy roads realize that transportation at low cost is a necessity.

Let us look at some more records that has a bearing on what kind of roads we have. 1934 in Milam County we had over Ten Thousand children in school, to day we have 5000 plus. People looking for a place to live prefer to make their homes on or near hard surface roads, I think that the best invitation we can send out to the rest of the country to come and live in Milam County is a good road system.

I leave you with this thought. As a place to live, our county is no better than its road system.

I hope to meet each voter in this precinct and discuss our road problems. I live in the mud.

GENE (DIXIE) WALKER

Printing is a home industry.

FARM BUREAU—
(continued from page one)

the Goree Farm and the mens band from Huntsville prison were on the program.

Iittle Misses Nan Reno, daughter of Mr. and Mrs. Fred Reno and Kay Cox, daughter of Mr. and Mrs. Francis Cox gave two dance numbers.

At the noon hour a basket lunch was enjoyed with hot coffee and bread being furnished by the Farm Bureau.

Officers of the Milam County Farm Bureau are as follows: S. W. McClaren, President; Edward Senkel, 1st Vice President; R. P. Lehman, 2nd Vice President; Mrs. Mable Elrod, Secretary and Treasurer, Board of Directors, Joe J. Marek, C. G. Colburn, Albert Dorner, J. J. Janicek, John Jedlicka, W. H. Kohring, John Slovak, H. H. Chamberlain, Ruby Wise, Henry Schattle, Frank Winkler, Bud Johnson, Weldon Gilchrist, V. A. Hughen, J. B. Allen, Richard Ellison, W. M. Faulkner, Hugh Wimberly, Geo. W. Fisher, Hubert McClaren, Frank Durnie, J. A. Bailey, H. L. Yager, Sidney Frazier, Clyde Hensley, Joe Moore, F. E. Jackson, Frank Janicek, Will Kuzel, V. L. Angell, C. L. Yount and Lindsey Caffey.

JOE HAWKINS—

and an all-time Bobcat track star.

Joe is a member of the "T" Association and is now the leading high hurdler on the squad. He has also brought home the bacon in the 220 yard low hurdles and was a member of the 1948 record-setting sprint relay team.

One of the biggest thrills in Joe's life came when he won second place in the 120 yard high hurdles at the 1948 Texas Relays. He was close on the heels of August Erfurth of Rice who is considered one of the finest hurdlers in the South. Another big moment for him came when he beat teammate Tom Tope in the high hurdles at the triangular meet held at Evans Field while he was still a freshman. This was the first time he had won a first place in college.

Recognizing the potential ability of this year's track squad, Joe thinks that after the kinks are knocked out and the team is more completely rounded, the 1950 Lone Star Conference track championship could very well be held by Coach O. W. Strahan's thinly-clads.

Profits on Coffee Called 'Enormous'

WASHINGTON, March 16—Sen. Guy M. Gillette (Dem.) of Iowa said Thusrday that foreign coffee traders on the New York Exchange "have reaped enormous profits."

"Such profits are not taxable under our laws," Gillette noted. He is chairman of a Senate agriculture subcommittee investigating coffee prices. He said it was "quite evident" that the coffee futures market has been used by foreign interests for speculative purposes.

Friends will regret to know that Mrs. Will Lake is ill and a patient at Newton Memorial Hospital.

Local Woman's Aunt Buried In Caldwell

Mr. and Mrs. Joe Bass recently attended the funeral of Mrs. Bass' aunt, Mrs. Kate M. Houston who died in Tyler. She had been in declining health for a number of years and about a year ago suffered a stroke.

Mrs. Houston was born March 5, 1875 in Henderson County and died at the age of 75 years. She was the mother of seven sons.

Last rites were held at First Baptist Church in Caldwell, with Rev. C. M. White, assisted by Rev. A. S. Broaddus officiating. Interment was in the Masonic cemetery.

Herald Want Ads Pay Dividends.

Brilliantly designed and distinctively styled in gleaming white, gold, chromium and ice-blue, this streamlined Frigidaire DeLuxe refrigerator is representative of an extensive new 1950 line of 20 models in three types. Featured are such innovations as adjustable and sliding aluminum shelves, twin extra deep porcelain Hydrators which can be stacked to make space for big items, a new full-width plastic chill drawer for beverages, and a new plastic basket drawer for eggs. The new full-length door and ice-blue and gold interior trim make it particularly pleasing.

JONES PRAIRIE

By MRS. S. S. HICKMAN

Mrs. B. F. Stidham has just returned home after having spent the winter with her daughter, Mrs. P. H. Tindall of Calvert. Friends took the occasion of her 84th birthday to call and congratulate her and welcome her home. The dining table was centered with a beautiful white three tiered birthday cake on a reflector with pink numbers, 84. Cake and punch were served to approximately 50 guests. Among the out of town guests for the occasion were: Mr. and Mrs. Grady Stidham and Mrs. R. B. Rylander of Cameron, Mrs. Billie Newton and son Jimmie of Austin, Mr. and Mrs. P. H. Tindall and Mrs. Clara Dyes of Calvert, Mrs. Jack Stidham and children Jack, Jr., and Patsy of Burnett, Mr. and Mrs. J. C. Komer and daughter Miss Rosa Marie of Ben Arnold, Mesdames, B. F. Harrell, Grover Stubbs and Bert Thrasher of Rosebud, Mr. and Mrs. Vass Harlen of Branchville and Rev. Stanley Ray of Waco. The honoree received a shower of birthday cards and thanked each one in her charming manner. Mrs. Robert Glenn baked the birthday cake.

M-Sgt. and Mrs. John Atkinson of Randolph Field in San Antonio visited his mother, Mrs. W. A. Atkinson and Mrs. Atkinson's parents, Mr. and Mrs. Frizt Patzke over the week end.

H. M. Yager, student of John Tarlton College in Stephenville spent the week end with his parents, Mr. and Mrs. E .B. Yager.

Mrs. Jim Baskin of Austin visited Mr. and Mrs. J. H. McNeil and Miss Edna McKinney over the week end.

Mr. and Mrs. W. M. Sweet had as recent guests, Mr. and Mrs. Buster Sweet and little son Billie, Mr. and Mrs. Roy Garrett and children Sandra and Gwen of San Marcos and Mr. and Mrs. A. T. Swanzy and children, Sharon and Donald Roy of Ben Arnold.

Miss Louise Jamison, librarian of the Belton High School spent the week end with her mother, Mrs. J. A. Jamison.

Miss Billie Jo Massengale was a guest of Mr. and Mrs. Paul DeVille of Dallas last week.

Guests in the home of Mr. and Mrs. T. B. Stidham Sunday for the day were: Mr. and Mrs. P. H. Tindall of Calvert, Mr. and Mrs. J. C. Komer and daughter Miss Rose Marie of Ben Arnold, Mrs. Jack Stidham and children, Jack Jr., and Patsy of Burnett.

Moye Burnett who is employed with an Oil Company in Beaumont spent his vacation with his parents, Mr. and Mrs. W. B. Burnett last week. Other guests in the Burnett home Sunday were: Mr. and Mrs. Giles Burnett and family of Marlow.

DAM CONTRACT GIVEN TO CALIFORNIA FIRM

BELTON, March 15—U. S. Army engineers have awarded the contract for construction of the outlet works on the Belton dam and reservoir project to Winston Brothers of California and Minnesota, according to announcement made today by E. F. Cirkal, resident engineer.

Bids were opened on the contract on Feb. 16 and Winston Brothers found to be low bidders with a bid of $1,890,571. Examination of the bid followed the opening of bids in the district office in Galveston.

Under this contract 164,200 cubic yards of material will be excavated, 43,930 cubic yards of concrete will be placed and 4,000,000 pounds of reinforcing steel will be used.

Work is expected to start at an early date, and officials of the company are expected to arrive on the location within the next few days.

To be constructed under the contract are a concrete tower more than 200 feet in height, which will house the control mechanism for the flood gates, and a concrete conduit 22 feet in diameter and 790 feet long. The reinforced concrete structure will have three intake openings, each controlled by an electrically operated gate, each of which is 7 feet by 22 feet. Flood waters will be discharged through the base of the embankment via the conduit. Provisions will also be made in the outlet works for the release of water for conservation purposes .

C. J. Kocain will be the resident engineed, Corps of Engineers, U. S. Army, for the construction job. Superintendent of construction for Winston Brothers is expected to arrive about April 15 from California. R. K. Harris, general manager and coordinator for this construction job and that the company has at Whitney dam, is in charge of arrangements for moving in equipment and getting the organization set up here for starting the work.

Checks Under New Soil Conservation Plan Mailed Out

The first checks under the State's new $5,000,000 plan of soil conservation were mailed out today.

Checks went to 138 soil conservattion districts over the State. Fourteen more will get them soon.

They were mailed from State Soil Conservation headquarters.

The money allotted to districts will be used to form revolving funds to buy seed, trees, fertilizer and other supplies and agricultural or engineering equipment.

The amount of money was determined by the number of acres in each district and the number of farm units.

Under a bill passed by the Legislature in 1949, $5,000,000 was appropriated to go to soil conservation districts in the two years ending Aug. 31, 1951. The board of supervisors for each district will handle the money.

In Central Texas, a check for $25,198 went to the Central Texas District, $16,356 to the Little River-San Gabriel District, $20,077 to the McLennan County District, $24,986 to the Taylor District, $15,819 to the Hill Country (around Lampasas) District and $21,148 to the Hamilton-Coryell District.

Winds Whip Up Topsoil Cover Plains With Dust

Winds of more than 50 miles an hour scoured up topsoil to blanket the Texas south plains with its worst sand and dust storm of the year Wednesday.

Before the end of the day the winds had driven dust swirling into East Texas, dropping a haze over such big cities as Dallas and Fort Worth.

Soil-filled winds darkened the south plains sky shortly after dawn. Driving was hazardous. Chartered airlines by passed Lubbock. Visibility ranged from one half mile to zero shortly before noon.

About 4 p. m. skies began to clear as winds lessened and shifted from north northwest to northwest. The Lubbock weather bureau predicted decreasing winds for Thursday with only occasional blowing dust.

Large areas suffered considerable loss of top soil. Heavy damage to wheat—already hard hit by greenbugs—was expected.

The heaviest blowing was between Levelland, 30 miles west of Lubbock, through Whiteface and Morton to the New Mexico line. Loose sand land west and northwest of Morton was scooped up to pile a veil of soil over the Cochran county seat and bring an artificial twilight from about 10:30 a. m. until late in the afternoon.

Herbert Madeley, owner of the Madeley Radio Shop here spent the past week end visiting in Galveston.

Mrs. Effie Miller, Mrs. Jack Cammer, Miss Sharon Jean Cammer and Mrs. Sam Janes attended the style show at Goldstein-Migel in Waco Wednesday afternoon.

'nsurance DOLLARS help these cattle get to market

The dollars you put into insurance do you a double service. They give you and your family the utmost in security; and they serve the industry that serves you.

The same Equitable dollar that is assuring your financial protection goes to work every day for American industry. The cattle a rancher shipped last night, the grain a farmer consigned to market this morning—were speeded on their way by Equitable dollars. Your Society's loans to railroads bought freight cars, improved right of way, and made the purchase of new passenger equipment possible.

Yes, your Equitable dollar really gets things done. It's building new industrial plants, providing the capital for the research that develops new and better products, and aiding home and farm owners with Equitable mortgages.

The capital cooperatively pooled in Equitable is available for a multitude of uses—in amounts large or small, for corporations or individuals.

In every phase of American economy your Equitable dollar goes to work, giving you and your family a more satisfying, more secure way of life.

C. J. Kocian Is Named Resident Engineer For Dam

C. J. Kocian, U. S. army corps of engineers, has been apopinted resident engineer for the Belton dam and reservoir project effective March 19, it was announced.

Mr. Kocian succeeds E. F. Cirkal, who for the past nine months supervised construction of the Belton project. In making this announcement, Lt. Col. Ellsworth I. Davis, Galveston district engineer, commended Mr. Cirkal for his outstanding performance on the Belton project.

"Commencement of concrete operations at the project makes this shift necessary," Col. Davis said. Colonel Davis indicated that Mr. Cirkal will continue to be associated with the Belton project.

Mr. Kocian previously supervised construction of the $14,000,000 Benbrook dam which the corps of engineers is constructing in the Dallas-Fort Worth area. He is a native of St. Paul, Minn., and is a graduate of the University of Minnesota.

Formal awarding of the contract for construction of the outlet works is expected within the next few days. Winston Brothers of Minneapolis, Minn., and California was low bidder, R. K. Harris, general manager and coordinator for construction of outlet works on the Belton project and for the company's contract on Whitney dam, has been here relative to starting work as soon as the contract is awarded.

INTRODUCING

Carol Ann, seven pound 13 ounce daughter born to Mr. and Mrs. Frank Elder at St. Edward Hospital Sunday, March 12, 1950. The Elder's have two other children Faye and Grady Frank. The mother will be remembered here as the former, Jean Little. The grand mother is Mrs. Grady Little of Cameron. Carol is the 30th great grandchild of Mrs. A. N. Weems of Cameron. The paternal grandparents are Mr. and Mrs. George Elder of Kansas.

Texas Farms' Income Shows January Gain

WASHINGTON, March 16—Texas farmers almost doubled their cash income last January, compared with January, 1949, due largely to a record cotton crop, the Agriculture Department reported Thursday.

Texas farmers collected $196,636,000 in cold cash last January for the crops and livestock they took to market.

This compared with only $101,484,000 during January, 1949.

Crop income, which almost tripled over January a year ago, accounted for the big Texas increase. Marketings of Texas crops brought $151,780,000 in January, 1950, in contrast with only $54,403,000 during January of last year.

Cash receipts from livestock and livestock products dropped slightly from $47,081,000 in January, 1949, to $44,856,000 in January, 1950.

Mrs. Lela Janeway has returned from a visit with her mother in Marlin.

MILAM COUNTY AGENT HAS SERVED 38 YEARS

George Banzhaf, Milam County Agent emeritus is proud to have had part in the extension work activities of which he is a pioneer.

Mr. Banzhaf, Milam County agent for 38 years ,says that things have changed a lot since he was first sent to Milam County back in 1908. He was one of nine of the first county agents to serve in the western half of Texas. He was under the supervision of J. L. Quicksail, of Waco, who was one of the two district agents in Texas at that time.

Banzhaf, now 78, officially retired in 1946. But he still shows up at the county agent's office in Cameron each day helping out, and still answers questions.

Banzhaf's duties as county agent were a corn and cotton demonstration.

"I located some farmers that would co-operate with me and we planted a few acres of Mebane cotton. And it didn't take long before they realized the value of good seed," he said.

"Most of the farmers, or practically all of them before that time believed that one cotton seed was as good as another.

Originally, Banzhaf and the other pioneer county agents were sent in the field to combat the boll weevil.

Banzhaf can remember back in the good old days when Milam County produced from 50,000 to 60,000 bales of cotton every year.

"But that's all changed now," he said. "And I think they have better yields nowadays than in the old due to better production methods," he added.

The reason for that 50,000 bales of cotton was due to the fact that practically every acre in Milam County was planted to cotton .

Now about half the county is devoted to truck crops. "It just came naturally," he added.

Banzhaf's pet projects were his 4-H Club boys and terracing.

He estimated that he has trained about 4,000 4-H Club boys in his 38 years as county agent.

One of the things that pleases him most is to meet one of his former club boys, now a father, and learn that he has a boy in 4-H Club work.

Terracing, he said, was probably the hardest idea to first get across.

"Farmers just wouldn't do it," he said, "unless it was someone from other States as Alabama where terracing had been done."

However, in due time, farmers saw the value of terracing and did it in large numbers.

Banzhaf recalls that the year 1925 was probably the worst year in Milam County farm history.

Banzhaf also recalled the days when the county agent had the AAA program. "We were really busy at that time," he said.

Another of Banzhaf's pleasant memories is the silver anniversary of extension work held in Houston in 1929. He was one of the few to attend the pioneer banquet.

Banzhaf admits that there has been a lot of changes in farming since he started as county agent in Milam County.

And there'll be even more changes he added. "One of the best sights on Milam County farms these days is the increase in the livestock," he said. That, he added, is a good sign.

STEPS ARE TAKEN TO EVACUATE U S CITIZENS

WASHINGTON, March 19 — The United States speeded preparations Sunday for withdrawal of all American citizens in Russian satellite nations in the event worsening diplomatic relations in the cold war create a new crisis.

Top diplomatic quarters reported that the State Department fears the diplomatic "squeezeout" being engineered by Soviet vassal states may extend down the line to all Americans living in Communist-dominated Czechoslovakia, Hungary, Poland and Romania .

The U. S. Embassy in Prague already has warned all American citizens in Czechoslovakia that they are subject to expulsion at a moment's notice and may be held incommunicado for a long time if arrested.

Key sources pointed out that Moscow has launched a diplomatic offensive to reduce to a minimum American diplomatic personnel in the three satellite lands, thus reducing whatever protection private U. S. citizens there had.

Warsaw has reported that the United States has been ordered to reduce its military personnel in Poland.

Eastern European experts pointed out that the United States already has served diplomatic relations with Communist Bulgaria.

They say that a break with Red Hungary—where relations are especially strained—may come within days or weeks.

High sources report that the situations in Czechoslovakia, Poland and Romania are precarious—especially in Czechoslovakia, where anti-American propaganda is rampant.

District Governor Pays Cameron Rotary Visit

Nelson Hawkins of Itasca, district governor, discussed Rotary clubs and Rotarians at the regular noon meeting of the Cameron Rotary club Wednesday. This was his official visit.

The club assembly of the board of directors and the committee chairman met with Mr. Hawkins immediately after the noon meeting.

Bob Wills Hears Folks Tell Of Hadacol's Many Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Carol Jean White, 3636 West Park St., Oklahoma City, is a good example:

"One of the luckiest days of my life was when I heard Bob Wills tell about the wonderful blessings of HADACOL. I had lost my appetite, my energy was down. I suffered with gastric disturbances and indigestion. I took the advice of Bob Wills and took HADACOL. I felt better right off and have felt better and better as I have continued to take HADACOL. I now recommend HADACOL to my friends."

Miss White suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands have already been benefited by this amazing tonic, HADACOL.

So, it matters not who you are . . . it matters not where you live . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Carol Jean White, 3636 West Park St., Oklahoma City, tells Bob how much HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

U S CHAMBER WANTS NATION READY FOR WAR

WASHINGTON, March 19—The United States Chamber of Commerce advised American cities Sunday to get ready in event of a surprise war.

Accordingly it got out a booklet advising them on civilian defense steps which they can take themselves.

On Capitol Hill, Senator Hickenlooper of Iowa spoke out for community organization, warning that mass hysteria could do more damage to America's war-making potential than the bombs in an atomic attack on this country.

Hickenlooper told a reporter he hopes that civilian defense hearings being conducted by the Senate-House atomic committee will demonstrate that there ought to be no occasion for hysterical reaction to an atomic attack.

The most important phase of civilian defense is to have organizations in each community that will reassure the people and guard against mass hysteria," Hickenlooper said.

The Chamber of Commerce said that all communities may not need a local defense program, depending on factors which might lead to attack, but they might have to assist others which are more vulnerable.

A program, it said, should be designed to cope with "conventional bombing and bacteriological or chemical warfare" as well as the A-bomb.

Mr. and Mrs. John Plasek of Rosebud are the happy parents of a daughter, Marilyn Sue born March 7, 1950 at St. Edward Hospital.

Milam County In District Area Meet

Area Five, Future Homemakers of America, Texas Association, held its area meeting Saturday at Temple High School, Ann Epperson of Temple, area president, presented.

Registration and a tour of the high school were sceduled for 9 to 9:30 a. m. General assembly will be held in the high school auditorium from 9:30 to 11:30, followed by recreation and lunch from 11:30 to 1 p. m. General assembly will be in session from 1 to 2 p. m.

The house of delegates will meet during the morning. Lunch will be served in the school cafeteria at a cost of 50 cents. If attendance is large, the cafeteria at the Temple Junior High School may have to be used. In this event, each person is expected to furnish her own conveyance to the junior high school, a distance of approximately one mile.

A registration fee of five cents per person will be charged to help cover the cost of the area meeting The voting delegate will register for each person from her chapter in the house of delegates meeting.

The following have been appointed as committees on arrangements and program; local arrangements, Moody, Temple, Killeen, Salado; registration, Mexia; publicity, Belton; program, Caldwell; installation, Marlin and Bertram; songs, West and Bartlett; recreation, Burnet, Rogers, Blooming Grove; talent show, Austin, Caldwell, Lorena; symposium, Lott and Milano; honorary members, Taylor and Hutto; stage arrangements, Rosebud; house of delegates, Temple, Lexington, Mexia.

The area is composed of the following counties which are divided into three districts: Burnet, Williamson, Travis, Bastrop, Lee, Washington, comprising district one; Bell, Milam, Burleson, and Robertson, district two; and McLennan, Falls, Limestone and Navarro, district three.

Mrs. G. W. Yeargain Buried In Rockdale

The body of Mrs. G. W. Yeargain, 80, who died in Tulsa, Okla., was brought to Rockdale for burial Monday. The Rev. Linwood Peterson of Temple and the Rev. Ralph F. Powell of Rockdale officiated.

Mrs. Yeargain lived in Rockdale for some years before going to Oklahoma The family were longtime residents of San Antonio. Five sons and four daughters survice: E. L. Yeargain of Pampa, W. H. Yeargain of Snyder, A. J. Yeargain and Virgil Yeargain of Oklahoma, Mrs. L. B. Proal of Tulsa, Okla., Mrs. L. A. Zimmer, Mrs. Aubrey Pratt of Rockdale and Mrs. Charles Phytian of Virginia.

MILAM COUNTY HIGHWAY DELEGATION TO AUSTIN

Requests for highway construction in more than 12 counties will be presented to the State Highway Commission at a public hearing in Austin Monday.

Requests are scheduled by delegations from the Rio Grande Valley, Presidio, Pecos, Yoakum, Dallas, Hardin, Dawson ,Lee, Jones Lynn, Castro and Milam counties.

From the city of Cameron was a delegation including Mayor Roy Griffith and Milton Schiller and those who attended for the Good Roads Commission were: E. A. Perrin, Stanley Swift, Lester Williams and L. G. Smith.

The Milam delegation requested that the state reconsider the proposed plan to make Highway 36 which runs through Cameron 100 feet wide.

They are asking that highway 36 be extended from the intersection of highway 77 through the city and be made 60 feet instead of the proposed 100 feet.

The matter was brought before Mr. Blair last Tuesday and he advised that the delegation go before the State Highway Commission.

Milano Homemakers To Present Style Show

The Milano Future Homemakers free style show will be held March 30, at 7:30 in the school gymnasium.

The Milano Homemaking girls will feature garments that have been remodled, or made over as well as new clothing the girls have made during the homemaking projects.

The public is invited to attend and enjoy an evening of fun and fashion hints.
